

GOOD LUCK!

YOU WILL NEED IT, WE THINK;
EXAMS COMMENCE NEXT WEEK

THE KENTUCKY KERNEL

UNIVERSITY OF KENTUCKY

GOODBYE!

THE KERNEL WISHES ALL STUDENTS A PLEASANT VACATION

VOL. XVI

LEXINGTON, KY., MAY 21, 1926

NO. 30

GIRLS LEAD BOYS IN STANDING FOR FIRST SEMESTER

Delta Tau Delta Heads Fraternities with 1.688; Beta Sigma Omicron Has Highest Sorority Record

GENERAL AVERAGE IS 1.392

Kappa Delta Pi Tops Honorary List with 2.513; Alpha Chi Is Next

In the final compiling of grades for the last semester the women students of the university were found to be leading the men students by .333, the standing of the women being 1.619 while the boys had 1.286. The general college average was 1.392. The sorority women with standing of 1.666 led the non-sorority women by .4; while the fraternity men with a standing of 1.347 led the non-fraternity men by .61.

The Beta Sigma Omicron sorority led the girls social organizations with a standing of 2.1 while the Delta Tau Delta fraternity led the fraternities with a standing of 1.688.

Following is a list of the general standings of the men and women of the university, and of the various sororities and fraternities, social, honorary and professional as given from the office of Dean Melcher, dean of men:

General College Average	1.392
All Men Students	1.286
All Women Students	1.619
Fraternity Men	1.347
Sorority Women	1.666
Non-fraternity Men	1.285
Non-sorority Women	1.602

FIELD DAY WILL BE HELD MAY 26

R.O.T.C. Units To Have Annual Exercises; Lieut. Gov. Denhardt Will Address Senior Members

PRIZES WILL BE AWARDED

Wednesday, May 26, is Military Field Day at the university, at which time the announcement of the winners for the awards in the R.O.T.C. unit for the school year 1925-26 will be made. There are eight cups which are to be offered to the students of Military Science and Tactics, these being: University cup and streamer for the company having the highest standing throughout the year; (2) Colonel Freeman cup and streamer for the best drilled company; (3) the General Williams cup for the member of the senior class having the highest standing in minor tactics; (4) Phoenix Hotel cup for the highest standing in the senior class; (5) Lafayette Hotel cup for the highest standing in military science in the junior class; (6) Lexington Herald cup for the highest standing in military science in the sophomore class; (7) Lexington Leader cup for the highest standing in military science in the freshman class.

ATTENTION SENIORS!

There will be a meeting of the senior class Wednesday morning, May 26, at 10 o'clock, in room 301, White hall. It is important that all members of the class be present.

Elmore Vossmeier, class president.

Inquiring Reporter Seeks To Find Out What Has Happened During the School Year; Many Views Given

(By FLORENCE OGDEN)

As the last issue of The Kernel for this year goes to press today, it is necessary for some of the dumber members of the staff to write a resume of the year's work. Everyone knows The Kernel hasn't done anything, and the rest of the school hasn't done much, at least I couldn't think of anything. It being a dull afternoon around the office, I couldn't find anyone who really knew anything around the place, but I did the best I could with the material at hand.

First one I questioned was Kyle Whitehead. He didn't have a bit of trouble telling me. "The most important that has happened in the university," he said, "is the raising of the standards of the journalism department." I didn't understand him but later the cub told me Kyle was going to teach in the journalism department next year.

LeRoy Passes Hygiene
Hoover says he wants to register a violent protest against the ruling of a good sink hole out back of the campus by making a blooming flower

Is Final Issue

Kernel Staff Closes Work of Current Year

This issue will conclude the publication of The Kernel for the school year 1925-26. It is the custom in Kernel circles to cease publication one week before exams begin in order that the staff may not be handicapped in preparing for their tests.

The Kernel will resume publication in September with the fall semester. The staff thanks the faculty and student body for their splendid and encouraging cooperation during the past year. To the seniors we bid you goodbye. To the rest we say that we are looking forward to rejoining you at old Kentucky in the fall and to a successful year in 1926-27.

BENNETT WILL HEAD COUNCIL

Is Elected President of Men's Governing Body; W. E. Sherwood Made Vice-President; Both Men Are Juniors

INSTALLATION IS MAY 24

William Arch Bennett, of Henderson, junior in the College of Arts and Sciences, was elected president of Men's Student Council of the university last Friday, at an election held by the men students of the university. Installation will take place May 24.

William Earl Sherwood, of Ewing, junior in the Engineering College was elected vice-president. Class representatives on the council will be elected next fall by members of their respective classes, to serve during the school year.

The student council is a body concerned with the various problems of student government, and it works in cooperation with C. R. Meicher, dean of men at the university. It is composed of 14 members: two members from the senior class, elected from the student body at large to serve as president and vice-president of the organization; five representatives of the senior class; three members of the junior class; two members of the sophomore class; and two members of the freshman class.

Arthur Morris Will Edit Corbin Newspaper

Retiring Managing Editor of Kernel Takes Position with Times-Tribune

Arthur Morris, recently retired managing editor of The Kernel, and former member of the staff of The Lexington Herald, who will be graduated from the university on May 31, has accepted a position as editor of The Corbin Times-Tribune, at Corbin, Ky., if the plans of Herndon Evans, alumni of the university and owner and publisher of The Pineville Sun, at Pineville, Ky., mature favorably. Mr. Evans is now negotiating for the ownership of the Corbin paper and, in case the deal goes through satisfactorily, has engaged Mr. Morris to take full charge of its publication immediately upon his graduation.

Paper Published Weekly
The Corbin Times-Tribune is the only newspaper in that city and is published weekly. Mr. Morris will also

Engineering College To Be Host To Visiting Experts May 26-27-28

American Society of Heating and Ventilating Engineers Will Convene at University of Kentucky

FINE PROGRAM PLANNED

More than 500 engineers, prominent in one of the great engineering organizations of America, the American Society of Heating and Ventilating Engineers, will meet in Lexington for their thirty-second semi-annual convention on May 26, 27 and 28. The College of Engineering of the University of Kentucky, of which Dean F. Paul Anderson, first vice-president of the society, is head, will be host to the guests.

This is the first time this organization has met outside of a great city such as New York, Boston, Philadelphia, Chicago, Atlantic City, Buffalo, Kansas City and Montreal. The indications are that this semi-annual meeting will be the most notable in the society's history.

The men who have been shaping the destinies of the science of heating and ventilating in this country for many years are members of this society, and the professional sessions from 10 o'clock in the morning until 2 o'clock in the afternoon of each day of the meeting include papers never surpassed in importance in the annals of the society, according to those in charge of the program.

The discussions, especially that of the paper "Rational Ventilation," presented by Dr. J. E. Rush, head of the department of hygiene of the University of Kentucky, who was an engineer before taking up work as a physician,

University Progress During Year Is Discussed by President McVey

New Buildings for Chemistry and Art Departments, and Dormitory for Women Are Among the Greatest Advances; Law School Gets New Home; Student Enrollment Increasing

The university year ending in June has been one of considerable progress and some disappointments.

In the matter of construction the new Chemistry building was completed and occupied, very materially increasing the floor area to be used for work in Chemistry. The dormitory for women was completed in September in time for occupancy by students entering in the fall. The quarters of the art department were transferred from White Hall to the new building on Winslow street, giving the department a better arranged series of rooms for instruction purposes. In February the Stock Judging Pavilion was destroyed by fire and plans have been made and construction now started to erect a somewhat larger building and to build it of brick so that it will be more enduring. The old chemistry building, formerly occupied by the department of chemistry is being remodeled and will be used by the

YEARLY AWARDS MADE BY W. A. A.

Town Girls and S. B. U. Tie for Silver Trophy Offered for First Place in Track Meet

MABEL HILL IS WINNER

The Women's Athletic Association of the university held its first annual banquet Tuesday evening at 6:30 at the Calvary Baptist church. During the banquet, awards were made to the outstanding girl athlete and the organization leading in women's athletics at the university during the year.

Miss Elizabeth Heffernan, president of the association, was the presiding toastmistress. The guests of honor were the advisory board of the organization.

Debating Team Chosen

Meet Is Scheduled With Australian University

William Hamratty, John Bullock, W. B. Graham, J. W. Jones, T. E. Skinner and W. R. Ferguson were selected as members of next year's debating team at the try-outs which were held Tuesday night by Prof. W. H. Sutherland, instructor of public speaking.

The outstanding debate already scheduled for next year is with the University of Sydney, Australia, sometime in December. This team is to make a tour of the United States, debating with prominent teams throughout the land. Arrangements are being made through Wittenberg College, Springfield, Ohio.

Dean Anderson

As dean of the College of Engineering and First Vice-president of the American Society of Heating and Ventilating engineers, Dean Anderson is in charge of the arrangements for the engineers' convention next week.

will give the public the other side of "this window ventilation story," said Dean Anderson, in a letter of special invitation to the members.

A great many University of Kentucky graduates have become prominent in the profession.

Exams Scheduled

Registrar Announces Dates for Final Tests

The schedule for final examinations for second semester, according to the registrar's statement, is as follows:

Thursday, May 27—Chemistry and Hygiene; afternoon—First year French and Spanish.

Friday, May 28—First hour classes.

Tuesday, June 1—Second hour classes.

Wednesday, June 2—Third hour classes.

Thursday, June 3—Fourth hour classes.

Friday, June 4—Fifth hour classes.

Saturday, June 5—Sixth hour classes.

PLAN BUILDINGS FOR ART CENTER

Two New Frame Structures Will Be Erected This Summer for Music and Dramatic Departments on Winslow Street

WILL REPLACE ROMANY

Plans are now under way for the construction of two frame buildings on Winslow street to house the music and dramatic departments of the University of Kentucky, according to an announcement received from the department of buildings and grounds. The buildings will be erected this summer.

The music department will occupy a one story frame building east of the Art Center buildings, and the dramatic department will be located in the rear of the Art Center, and will include a theater with the seating capacity of 250 to replace the Romany. The rear of the theater will front Adams street, and the stage entrance will open on the thoroughfare.

The new music building will have 3,000 square feet floor space, and the dramatic building will require 2,300 square feet. At the completion of these buildings the three departments devoted exclusively to art will be grouped together.

The present quarters of the music department on the third floor of White

Patterson Literary Club Chooses New Officers

John R. Bullock, Former Secretary, Named President for Ensuing Year

At the last regular meeting of the Patterson Literary Society held in White Hall Thursday night, May 13, the following officers were elected for the next year: John R. Bullock, president; L. H. Stevens, vice-president; H. H. Davis, secretary-treasurer; R. M. Menth, sergeant-at-arms. The retiring officers are J. B. Johnson, president; Bob Moss, vice-president; John Bullock, secretary-treasurer.

The Patterson Literary Society was formed during the time of President Patterson's administration at the university and for forty years enjoyed a certain success. About five years ago the society was disbanded and no attempts at reorganization were attempted until last fall when reorganization took place and J. W. Jones was elected president.

The society is richly endowed and

Smith Covers Kentucky Classic For Kernel; Opines Bubbling Over Won Modestly; McDowell's Nag Also Ran

(By LeROY SMITH)

Seems like every time the ladies aid society gets hold of a publication, they've got to come out and expose me on the front page. Last week they ran out of red ink, so they come over and borrowed The Kernel so as to dispose of any stray gossip that failed to get in the Red Letter.

Well, last Friday after reading in Flossie Ogden's column about how worthless me and my cigarettes and my stories was, I figured I'd better go down to Louisville to see the Derby so as I could recuperate. Accordingly, I trails home after my tooth brush and McDowell. I run into our cartoonist, Parham Baker, who told me he was leavin' town for a number of reasons, so we all climbed into a likely-lookin' caboose at the bus station, and started.

After gettin' far enough out of town that we wouldn't walk back, this here chariot sneezed kind of mournful, and quit. The pilot of the rig went over to phone for reinforcements,

COMMECEMENT EXERCISES TO BE HELD ON MAY 31

Degrees Will Be Conferred, and Honors Announced by President McVey, after Address by Dr. Barton

ALUMNI DAY IS SATURDAY

Annual Military Field Day Will Be Held on Wednesday, May 26

The fifty-ninth annual commencement exercises of the University of Kentucky will take place May 31, at the university gymnasium, at 10 a.m. when the members of the graduating class of 1926 will receive their degrees and honors. The commencement address will be delivered by Doctor William Eleazer Barton, noted lecturer, writer, editor, and clergyman, of Oak Park, Illinois. Following the address, there will be the conferring of degrees and the announcement of honors by President McVey.

Members of the graduating class, the President, the Board of Trustees, the deans, professors of the various colleges, the speaker, and the officiating ministers will make up the commencement procession which will assemble in front of President McVey's residence. Markers for the procession will indicate the position for assembly of each group, in the order in which they are to march, and to enter the rostrum. The marshals' aides will arrange the individuals in each group of seniors.

Starts With Field Day
Commencement Week will start with Military Field Day, which is on

STROLLERS GIVE ANNUAL PLAY

"Icebound" Is Presented by University Dramatists; Mary Lair and Addison Yeaman Take Leads

IS EIGHTEENTH PLAY

"Icebound," popular three act drama of Owen Davis, was ably presented by Strollers, dramatic club of the university, last night at Woodland auditorium. In presenting "Icebound" as their eighteenth annual production, Strollers scored one of the greatest triumphs they have ever achieved, according to many who witnessed the performance last night.

The play itself is bubbling over with dramatic and heart-appealing situations, and under the capable direction of Al Wieman, star of last year's Stroller offering "Fifty-fifty," the cast presented it in a manner which brought repeated rounds of applause from the audience.

Miss Mary Lair as Jane Crosby, a poor girl who inherited her employer's money and the Herculean task of reforming her deceased employer's son, quickly won her way into the hearts of the audience and took the difficult

KENTUCKY ALUMNI ARE PROMINENT

Nearly thirty years ago the young graduate from the University of Kentucky found a very interesting and lucrative field for the exercise of his talents and energy in that comparatively new world of the engineer's work known as heating and ventilating engineering.

It has been said many times that there are more graduates from the University of Kentucky occupying prominent positions in the heating and ventilating profession than from any other technical school of America.

The American Society of Heating and Ventilating Engineers meet in 32 annual convention next week for the first time away from the great centers of production and the University of Kentucky is very proud indeed to have so many of her alumni in this particular work in engineering return for a few days of combined business and relaxation about the old campus and haunts of student days.

Here are a few of the men who are prominently identified with heating and ventilating engineering:

J. I. Lyle, General Manager and Treasurer, Carrier Engineering Corporation, Newark, N. J.; L. Logan Lewis, Chief Engineer and Secretary, Carrier Engineering Corporation, Newark; R. R. Taliaferro, Tobacco Air Conditioning Engineer, Carrier Engineering Corporation, Philadelphia; R. W. Waterhill, Research Engineer, Carrier Engineering Corporation, Newark; E. T. Lyle, Vice-President and Manager of New York and Boston Offices, Carrier Engineering Corporation; Joseph H. Bailey, Theatre Ventilating Expert, Carrier Engineering Corporation, Chicago; J. Ray Duncan, Rubber and Leather Drying Expert, Carrier Engineering Corporation, Newark; M. S. Smith, Production Manager, Carrier Engineering Corporation, Newark; R. L. Jones, Production Engineer, Carrier Engineering Corporation, Newark. A number of young Kentucky graduates are in the process of making with the Carrier Engineering Corporation.

A. Thornton Lewis, President and General Manager, York Heating and Ventilating Corporation, Philadelphia.

B. W. Bennett, General Manager, Charles Hartmann Company, Brooklyn, New York.

O. K. Dyer, Gilbert Frankel, R. T. Thornton, E. E. Johnson, have places of large responsibility with the Buffalo Forge Company, Buffalo, New York.

L. C. Davidson is with Lewis, Robinson and Grant, Consulting Engineers, Philadelphia.

H. E. Barth is sales manager of the Detroit District of the American Blower Company, Detroit.

Perry West is consulting engineer at Newark, N. J.

B. B. Russell is chief engineer, Drying Systems, Inc., Chicago, Ill.

J. E. Bolling, Heating and Ventilating Advertising Engineer, Chicago. F. W. Milbourn, President, Coe Manufacturing Company, Painesville, Ohio, manufacturers of veneer drying machinery.

A. J. Vance, General Manager, Coe Manufacturing Company.

H. R. Masters, Drying Expert, Coe Manufacturing Company.

Edwin C. Evans, Head of the Pittsburgh Office of the Reed Engineering Company, Pittsburgh.

H. R. Moore, Head, Pittsburgh office, Buffalo Forge Company.

Miss Margaret Ingels, Research Engineer, Laboratory of the American Society of Heating and Ventilating Engineers.

I. B. Helburn, Research Engineer, Reed Engineering Company, Louisville, Ky.

Here's to the American Society of Heating and Ventilating Engineers. a

SALUTATION AND GREETING

(By ENOCH GREHAN)

American Society of Heating and Ventilating Engineers, in national semi-annual session convened in Lexington, the University of Kentucky and through it the commonwealth, salutes you.

It is fitting that your forward-looking organization, that is rendering so vital service to the country through the medium of men consecrated to human well-being through your labor and research, and a flame with a passion for development, should conduct its deliberations in Lexington.

Here is located the University of Kentucky, chief educational institution of the state, and here too its engineering college, for more than a quarter of a century an outstanding institution in America devoted to the training of men for the handling of the manifold and ever-increasing engineering problems that confront the Western world.

This College, headed by the first vice-president, chairman of council, and chairman of your executive committee, of the great organization you represent, a borrowed product of the good state of Indiana, whom Kentucky adopted with as positive a fondness as she has ever shown to a foster son, has long since taken its merited place among the great engineering colleges of America.

To this institution came Paul Anderson, in every sense as much a pioneer in his chosen field as was our own courageous Boone in his, an intrepid spirit that longed to test the span of eager wing in the wide atmosphere of big endeavor, aflame with that which amounted to a passion to point out the way of usefulness to the youthful manhood of Kentucky, aggressive, energetic, albeit a dreamer of dreams. From his young manhood as a teacher to this good hour, when he folds the lofty position in which his worth in your body has assigned him, has been very far. But years have dealt kindly with him because his spirit has maintained its changeless purpose to remain forever young through contact with youth, and through the abiding reflection that he has served and led it well.

You honor Kentuckians therefore, by your electing to meet here in his home city, because Kentuckians feel that you have thus honored him who has given his life to the leading of their sons and daughters into paths of usefulness in the commonwealth and in the nation. The writer of this, long his friend, always his admirer, seeks in no sense here to pay him tribute, preferring rather that the "work of his hands" shall speak his praise in the realized dream of his life, as the years bear him gently with their fruitful memories toward its twilight and its evening hour.

But what this salutation started out to reflect was that Kentuckians, especially Lexingtonians feel added pride in this opportunity to act as hosts for their friend to so distinguished a body of men as yours.

Although you have segregated yourselves into a division of men given over to development of and research in the great problems of heating and ventilation, it cannot be forgotten that you belong also to the great American fraternity of Engineers.

Your hosts think of you as men who have borne the brunt of real service, because, he who adds to human living even a modicum of comfort, exalts labor and dignifies its purpose; nor can we forget that when civilization was moving toward the mightiest cataclysm that had threatened it since Christ hung upon the Cross, and the engineering skill of the old world had marshalled its evil cohorts to complete the disaster, it was to the ranks of the engineers of our country and its allied powers that we turned to devise the machinery that was to arrest its flaming progress. Courage, brains, patriot-

ism from your ranks all responded. From blazing forge and mill and mine, led by trained men came all forms of the engineering of war. Your factories that had been devoted to the promotion of peace begun to belch forth devices not only to destroy life but to save life. Soon a host of two million men were hurrying toward the battle fields of France. Their martial tread shook the round earth. They carried the weapons and munitions you provided. They were emissaries of the Master's scheme of peace in the vanguard of Western civilization who had learned the sanguinary lesson that Christ sought to teach when he said, "I came not to bring peace but a sword." It was savage against savage. It was the jungle crying out against the jungle; but at the end of the bloody march lay civilization rescued from death. You performed immeasurable service in the divine cause of its salvation. You helped to keep a flag that had never touched the dust forever in the sky. You and your comrades wrought to the end that victory at last was made to break into smiles of jubilee on glory's bloody face.

But this still is not what the more or less erratic and humble compiler of this expression of welcome to you Engineers set out to say. What above all it should reflect is that while we are proud that you permit us to be your host, you have chosen wisely by selecting for your place of deliberation a community that feels that it can offer you restful, attractive, even historic environment, far from the din, the confusion, the mingled voices where commercial strife and unrest may not enter and divert.

Ours is a pastoral land, a land of contentment, of self satisfaction if you please—a "land of corn and wine," albeit the pestiferous Mr. Volstead has wrought such havoc to the latter enterprise that we now are reduced to the humiliating necessity of falling back for your liquid cheer upon the dwindling residue of a state gone mad with the heat of pitiless drought, or of filling the hospitable cup with that doubtful brew, the handiwork of outlanders who work out their salvation with stealth under the fading light of the pale and sympathetic moon.

Nevertheless a hospitable citizenry extends a hand hand of welcome unequaled in warmth elsewhere in the round world—to a land of fadeless beauty, of stillwaters beside which fat cattle roam, of fructifying fields, the blood of whose grass is as blue as the blood of its stock is red. We cite you to a land whose people are kindly and plain and sincere, wholesome in a hospitality that has bestowed upon them a pleasing soubriquet that poets have tried but failed to enshrine in song and orators sought in vain to eulogize.

But above all we feel that we do invite you into the company of rare spirits who have embellished the history of our race, and who, though some have passed out beyond the "purple West," still live in their immortal deeds—still rule us from their urns. Some sleep here in our own soil. Some rest elsewhere in massoleum or beneath costly monument that proclaim their worth as part of the elemental wealth of a common American fame. And if the comforting belief have basis in fact, that the dead return to foregather in spirit where their kind assemble, then may we not indulge the pleasing fancy that they participate this hour in your deliberations; because the true Kentuckian has never failed to revere manly men, men like you who do things, and like you, who serve humankind as they sought to serve?

If the occasion were not so imperative, modesty would forbid the calling of a role that brings back in radiant personnel, to brood over your sessions, such rare Kentuckians as Isaac Shelby, Jefferson Davis, Zachary Taylor, the sage and lofty Lincoln, of whom one gifted pen has written that his "life was as serene as a summer's day when the reapers sing amid the golden grain;" such men as O'Hara, as our Commoner, Henry Clay, whose home is scarce without the shadow of the building where you gather; of Crittenden, of Trimble, of Dr. Ephraim McDowell, who dared death that he might preserve life; of Stephen Collins Foster, whose music gave us our tenderest song; of Williams Campbell Preston Breckenridge, the silver cadences of whose tongue still linger in our borders; of Waterson whose brilliant pen wrote and whose brave mind conceived a finer independence than men were wont to know; of James Lane Allen, Judge Mulligan, whose tongue and pen alike enriched Kentucky oratory and tongue and pen alike enriched Kentucky oratory and literature and whose home was even upon the campus where you are convening; of James K. Patterson, the beloved "Jack" Neville, the saintly Shackelford and Joe Kastle and Roark and Scoyell and Loos and McGarvey, Grubbs, Milligan, statesmen, orators, journalists, jurists, executives, poets, novelists, ministers of the gospel of the "fair haired Nazarine"—men like you above all and greater than all, evangelists of enlightenment, servants of the people who stood upon the hill-tops of their own transfiguration and saw the vision of the promised land, of a greater Kentucky and a greater nation.

Honored guests, great as has been the history, marvelous as have been their achievements in the field of science, in industry, in war, literature, scholarship, invention, statecraft, government, religion—in all the peaceful arts that challenge the fancy of a wonderful people, thinking men agree that we are but upon the threshold of still greater endeavor.

Nothing is clearer than that our own race has not yet reached the farther confines of possible achievement. You are in the vanguard of this majestic army of men, marching not to battle where blood is let and devastation wrought; you are in the vanguard of that irresistible other army of peace. Your field of battle is the field of research, the laboratory, the experiment station, where the only weapon is human thought and the only victory that is worth the struggle is that victory over ignorance.

We hear much of "fundamentalism" and "modernism" and all the foul brood of damnable "isms" born of stupidity. These but fetter the brain and balk investigation. It becomes increasingly apparent that men who do things care nothing what "isms" triumph or whether any "isms" live or die; they know enough to know that they do would serve as hand-maidens to prejudice and error but close the door to all hope of intellectual salvation either in this life or any other life that is yet to come. They know enough to know that the real crucifixion is the crucifixion of truth, and that they who come thereafter to weep at the foot of that cross, weep in vain.

Kentucky welcomes you, therefore, because she believes you are set out upon this Holy Grail whose destination is fact; and she believes that from the crucible of honest thought and intelligible research shall come the white light that shall lead at last to that divine thing we call truth—truth about heating and ventilation if you please, truth about metals, about power and how heat and cheapest to produce it, about molecular energy and material things; truth about the tensile strength of iron and steel and thereby truth about the tensile strength of the intelligence and the morals of men and women who are at last the hope of our citizenship.

Gentlemen of the American Society of Heating and Ventilating Engineers, the entire commonwealth greets you. The door is wide open. The windows are unbarred. "The sun shines bright on the little cabin floor." The family board is spread. Come in. Sit at meat and break bread with us and let us reminisce, if you please, over that Kentucky to which the gifted bard of Maxwell Place tuned his lyre in these exquisite lines:

IN KENTUCKY

James H. Mulligan

The moonlight falls the softest
In Kentucky;

The summer days come ofttest
In Kentucky;

Friendship is the strongest,
Love's light glows the longest,
Yet, wrong is always wrongest
In Kentucky.

Life's burdens bear the lightest
In Kentucky;

The home fires burn the brightest
In Kentucky;

While players are the keenest,
Cards come out the meanest,
The pocket empties the cleanest
In Kentucky.

The sun shines ever brightest
In Kentucky;

The breezes whisper lightest
In Kentucky;

Plain girls are the fewest,
Their little hearts are trueest,

Maiden's eyes the bluest,
In Kentucky.

Orators are the grandest
In Kentucky;

Officials are the blandest
In Kentucky;

Boys are the fleetest,
Danger ever highest,

Taxes are the highest
In Kentucky.

The bluegrass waves the bluest
In Kentucky;

Yet, bluebloods are the fewest (?)
In Kentucky;

Moonshine is the clearest,
By no means the dearest,

And, yet, it acts the queerest
In Kentucky.

The devotes are the saddest
In Kentucky;

The streams dance on the gladdest
In Kentucky;

Hip pockets are the thickest,
Pistol hands the slickest,

The cylinder turns quickest
In Kentucky.

The song birds are the sweetest
In Kentucky;

The thoroughbreds are fleetest
In Kentucky;

Mountains tower proudest,
The landscape is the grandest—

And politics—the damndest
In Kentucky.

Final Plans Are Made For the Commencement

Trip to Dix River Dam Planned for Alumni Day; Banquet To Be Held at Shakertown

The program as it has been arranged for Commencement this year is as follows:

Military Field Day

Wednesday, May 26—2 to 4 p.m.
Presentation of commissions to graduates of the advanced course by Brigadier General Dwight Edward Aultman.

Address by Lieutenant Governor Henry Herman Denhardt to students selected for the advanced course.

Awarding of prizes and medals.

Banquet and dance given to the graduates of the advanced course by Lexington chapter of the Reserve Officer's Association of Central Kentucky, Lafayette hotel, 6 p.m.

Alumni Day

Saturday, May 29, 1926
The visiting alumni will hold a reunion in the rooms of the art department, Euclid avenue, opposite the west entrance to Stoll field, 9 to 10 a.m.

Annual business meeting of the Alumni association, Little Theatre at 11:15 a.m.

Meeting of the board of trustees at 11:45 a.m., President's office.

Trip of Alumni to Dix river dam. Cars leave from front of Administration building at 2 p.m.

Alumni banquet at Shakertown Inn at 6 p.m.

Class Day

Saturday, May 29, 1926
Breakfast to senior class will be

given by President and Mrs. McVey at Maxwell Place at 8:30 a.m.

The class day exercises will take place on the campus at 10 a.m., followed by the senior pilgrimage.

The senior ball will be held at the Phoenix hotel, Thursday, May 27, 9 p.m.

Sunday, May 30, 1926

The baccalaureate services of the university will be held at the university gymnasium at 3:30 p.m., President Frank LeRond McVey, presiding.

The address to the graduating class is to be delivered by Doctor David Carlisle Hull, president of Wesleyan College.

Commencement Day

Monday, May 31, 1926

The commencement exercises will take place in the university gymnasium. The procession will form in front of the president's house.

The commencement address will be delivered by Doctor William Eleazer Barton, lecturer, writer, editor and clergyman, Oak Park, Illinois. The address will be followed by the conferring of degrees and the announcement of honors by President Frank LeRond McVey.

The committee in charge of arrangements for the reunion consists of the following: Miss Marguerite McLaughlin '03, Miss Lula Logan '13 Prof. C. C. Jett '22, Judge Lyman Chalkley, W. C. Wilson '13, Prof. R. D. McIntyre and Wellington Patrick ex-10, chairman. Chairmen of sub-committees have been appointed as follows: refreshments, Miss Lula Logan '13; reception, Miss Marguerite McLaughlin '03; decoration, Professor Carol Sax; music, Professor Carl Lampert.

SOCIETY NOTES

CALENDAR

Saturday, May 22—Delta Chi fraternity entertaining with an informal dance at their chapter house on East Maxwell.

Thursday, May 27—Senior ball at the Phoenix hotel.

Friday May 28—Engineers' ball at the new gymnasium.

Senior Banquet To Be Held

The seniors of the College of Engineering will give their annual dinner on May 22 at the Beaumont Inn in Harrodsburg. Prof. L. S. O'Bannon and Prof. Thomas Barr are in charge of the arrangements.

The dinner is in honor of the seniors who will be graduated from the university in June. President Frank L. McVey, Dean Paul Anderson and Prof. E. F. Farquhar will be the speakers of the evening.

Patrick K. Farra, of Lexington will be toastmaster for the class and the senior response will be made by Arthur Nutting of Louisville.

Mrs. Giles Entertains

The members and pledges of Mortor Board were guests of Mrs. Eda Giles for 6 o'clock dinner at Boyd hall Tuesday evening. The decorations carried out a Japanese garden design effect.

ively. The lace cards were miniature caps made to resemble the sorority emblem.

A delicious menu was served. About twenty-five guests enjoyed the hospitality.

In addition to the guests of honor were: Miss King, honorary member of Mortor Board, Miss Desha and Mrs. Martin were present.

Officers Entertained

Seaboard and Blade entertained the officers of the visiting inspection board with a smoker Thursday evening at 8 o'clock at the Phoenix hotel.

The sponsors of the R.O.T.C. entertained the visiting inspection officers and regimental staff of the R.O.T.C. with an enjoyable luncheon Thursday at 12:30 o'clock.

Cadet Hop

The sixth and last cadet hop of the season was given Saturday afternoon from 3 to 6 o'clock in the gymnasium. The Kentuckian orchestra furnished music and several hundred guests were present.

W. A. A. Banquet

The Women's Athletic association of the university gave its first annual banquet on Tuesday, May 8, at 6:30 o'clock at the Calvary Baptist church.

of High street.

The menu was symbolically carried out in the athletic scheme and was as follows:

Muscle de Quadruped
Potato Balls A Volley of Shots
Cooling Off, Rolls with a Rubdown
A Fly Caught on the Diamond
We're the Berries on that Last
Cold Dash
The Finish

An interesting program of speeches and stunts added greatly to the enjoyment of the evening.

Miss Helen Skinner made the presentation of awards, giving the silver loving cup to the Town Girls and the Sigma Beta Upsilon teams who tied for the honor. The winners of the girls' track team were given their prizes and the awards of letters and numerals were made.

Seaboard and Blade Dinner-Dance

Seaboard and Blade, military organization of the university, entertained with a delightful dinner-dance Friday evening from 7 to 11:30 o'clock in the palm room of the Phoenix hotel.

Music was furnished by the Kentuckians orchestra and fourteen "no-breaks" were danced. Dancing between the courses was also enjoyed.

The members of Seaboard and Blade, the hosts were: Messrs. John Dabney, Richard Williamson, Thomas Adams, James Ramsey, Joe Walters, Adrian Terrell, Louis Root, Frank Derrick, James Augustus, James McFarland, Jack Warren, Hobart Grooms, James Ewing, Coleman Hunter, Lisle Cassidy, Dick McIntosh, J. D. Darnaby, Joseph Bush, Dan Forey, Ted Bullock, A. Harbold, General Woods.

The pledges: Watson Armstrong, Charles Heidrich, William Richards, Layton Stokley, John Rachal, William Johnson, Sidney Goodwin, Henry Cogswell.

Among the guests were: Colonel and Mrs. Hobbs, Captain and Mrs. Taylor, Captain and Mrs. Schmidt, Captain and Mrs. Spaulding, President and Mrs. F. L. McVey.

Misses Martha Butner, Mary Lair, Dorothy Dedford, of Louisville, Ann Williams, Katherine Dishman, Bett, Benson, Margaret Thompson, Lucille, short, Esther Gilbert, Dorothy Chapman, Margaret Elliott, Dorothy Sellers, Thelma Snyder, Katherine Brown, Gladys Smith, Ruth Madison, and Ma. Murray Harbison.

Military Day

General Aultman, of Camp Benjamin Harrison will be guest of honor for Military day which will be observed Wednesday, May 26, at the university. During his stay in Lexington he will be the guest of President and Mrs. Frank L. McVey at Maxwell Place.

General Denhardt, lieutenant governor of Kentucky, will also be a guest at this time.

Colonel and Mrs. H. P. Hobbs are planning a luncheon in honor of these guests.

Delta Sigma Pi Entertains

Members of Delta Sigma Pi, honorary commercial fraternity of the University of Kentucky, will entertain their alumni and new initiates at a banquet to be given at the Lafayette hotel this evening at 6:30 o'clock.

Speakers for the occasion will be Dr. W. W. Jennings, Dr. Wiest, Professor McIntyre and W. B. Eversole of the College of Commerce. The dinner will follow the initiation which will take place at 1 o'clock at the Lafayette hotel.

The following men will be initiated: Messrs. R. W. Damron, J. P. Glenn, W. B. Walker, W. R. Walton, William Rentz, Ishmael Plank.

Members of the active chapter are: Messrs. Cecil Carpenter, Emmett Milward, Elmore Vossmeier, George Young, H. B. Moore, W. A. Thomas, Virgil Watson, Williamson Richards, Lyle Croft, Albert Kittenger, D. R. Hickey, R. C. Houseman, C. P. Klinger, George McKown, LeRoy Miles, W. H. Mock, George Newman, E. P.

TENNIS

If you are lovers of this sport.
Take the racket now to court.
—Mr. Never-grow-up.

A new interest is being taken in tennis. All enthusiasts know that they have received the best of tennis needs and the most courteous treatment here.

Rackets, tennis balls and racket covers in a wide variety. And you will find here the sport playthings that will help you ride your summer hobby in a fashionable, happy manner.

Lamp and Cross Formal

Lamp and Cross, senior men's honorary fraternity, entertained on Saturday night with a formal dance from 9 to 12 o'clock, in the university gym. Pledging services, an annual custom, took place.

The fraternity colors, black and gold, made up the color scheme for the decorations. Programs were attractive small white booklets, upon which the Lamp and Cross emblem was embossed in gold, tied with gold and black ribbons.

The pledging ceremonies took place during the fifth no-break and the following men were pledged: Messrs. Frank Smith, James Brady, Frank Brown, James Augustus, Charles Heidrich, Guthrie Bright, Fountain Rynner, John Rachelle, Henry Cogswell and Arch Bennett.

Actives are: Messrs. John Dabney, Elmore Vossmeier, Joseph Walters, J. A. Estes, Ab Kirwan, Al Weiman, Charles Alberts, Richard Williamson, Frank Derrick, Theodore McDowell.

Several hundred guests were present.

PERSONALS

Kappa Delta sorority will entertain with a river party at Clifton Friday afternoon, May 21, in honor of the senior members who are to be graduated in June.

Miss Amelia Gardner will entertain with a bridge party Saturday afternoon, May 22 at the Winchester Country Club with the Kappa Delta sorority as guests.

Messrs. James and Lowell Truitt, of Morganfield were guests at the Pi Kappa Alpha house last week-end.

Miss Virginia Wendt, of Newport was a guest at the Alpha Gamma Delta house and attended the Lamp and Cross dance.

R. M. Estes, Deputy Commissioner of Internal Revenues at Washington, was a visitor at the Chi Sigma Alpha house the past week-end. Mr. Estes is a member of Phi Sigma Kappa, which the local fraternity is petitioning.

Professor and Mrs. Grant C. Knight and their two daughters will spend their winter in New York City. Mr. Knight, who has about finished his book on the English novel, expects to have it published this year and to continue on two more books, one of which will be a translation.

FRATERNITY ROW

Miss Elizabeth Glascock spent the week-end at Shelbyville, the guest of Miss Mary Stuart Maddox.

Messrs. Robert Thomas, Francis Dene, Franklin Burley, Albert Wallace, Duke Pitney and Bob Krilick were guests at the Alpha Gamma Rho house for the week-end and attended the fraternity dance Saturday evening.

Mr. Carl Riefkin of Covington was

a week-end guest at the Triangle Straughter Harney of Paris spent the week-end at the Alpha Gamma Rho house.

Misses Jeanette Ellison and Elizabeth Crowley of Williamsburg spent the week-end at the Alpha Xi Delta house.

Alpha Gamma Epsilon had Mr. John D. Markham and Mr. Alexander Vincent of Louisiana as week-end guests.

Mr. Reynolds T. Bell and Mr.

CLOSING THE LEDGER

Six days from today final examinations will begin and within two weeks a vast majority of the students will be leaving Lexington for their homes in various parts of Kentucky. Some four hundred of them leave the university walls, never again to return as undergraduates. Others, because of various reasons, will not be back next semester. The majority, however, will return in the fall to pursue their studies.

As the individual student reviews his accomplishments in the session now drawing to a close, it is apparent to him that many and great opportunities were offered to him during the past year. Many he seized and profited by; others he neglected and lost. For some it was a year of work and gain; for others it was a period of dissipation and waste.

In three months, the 1926-1927 session will be opened. Once again opportunities will be presented to the student. Whatever gain or loss he has experienced in the past, he will forget. The ledger will be clean, all old accounts having been balanced. The balance existing on either the credit or the debit side at the close of school next year, will be determined by the manner and spirit with which he enters upon his work next fall.

The summer vacation should be a time of rest and enjoyment. In it the mind, wearied by mathematical hypotheses, philosophical discussions, and grammatical puzzles, has an opportunity for recuperation. In the fall, the students should return refreshed in mind and body, and imbued with a spirit to strive and succeed. So, he can not fail.

The Kernel takes this opportunity to extend to the student body its wishes for a happy vacation and its hopes that they will return to the university in the fall, rested and filled with enthusiasm to begin the work of the new year.

THE ENGINEERS' CONVENTION

On Thursday, Friday, and Saturday of next week the university will be host to approximately five hundred engineers, men who are recognized leaders in the profession of heating and ventilating engineering. The occasion will be the thirty-second semi-annual convention of the American Society of Heating and Ventilating Engineers, which for the first time in its history is convening in a city as small as Lexington.

It is a matter of considerable regret to The Kernel that because of its traditional policy of not publishing an issue the week examinations start, it will be unable to follow up this important meeting for the edification of students and alumni.

The Kernel feels that the engineering society has conferred a signal honor upon the College of Engineering, the university, and the city of Lexington, in selecting Lexington for this meeting. It was decided to hold the convention here, it is understood, for two major reasons: first, as a means of honoring Dean Anderson, who is recognized as one of the leading authorities in the country in this profession and who is the present first vice-president of the American Society of Heating and Ventilating Engineers; and secondly, because of the large number of graduates of the Engineering College of the University of Kentucky who have gained prominence in this special branch of engineering.

THETA SIGMA PHI

To the members of Theta Sigma Phi, national women's honorary journalism sorority, who took complete charge of the publication of last week's issue, The Kernel wishes to extend its congratulations. For some years it has been traditional for girls to assume responsibility of publishing one issue, and last week's Kernel was that issue for the current session.

Especially does The Kernel admire the manner in which the girls went about their work last week. With entire confidence they assumed their responsibility; without haste they performed their tasks; and without boasting they witnessed the successful conclusion of their efforts. It was their paper from beginning to end; they reported the news, they wrote the editorials and features, they solicited the advertising, and they arranged the lay-out.

THE KERNEL IN REVIEW

This issue of The Kernel is the last one which will be published this session. This is in accordance with the usual custom not to publish a paper the week in which examinations begin in order that the members of the staff may have no opportunity to utilize their undivided time in preparing for the final tests.

With the publication of this issue, the work of the staff is complete for this year. It is not without a feeling of relief that the editors realize that considerable responsibility is for a time lifted from their shoulders; it is not without considerable regret that they take leave briefly of the work to which they have become so much attached. For if the work impresses its exactions, it also brings its pleasures; and the satisfaction resulting from a surge of duty done more than compensates for any sacrifices of time and effort which it entails.

In reviewing the year, the Kernel desires to call attention especially

to the spirit of cooperation shown to an extent never before in evidence. Students, merchant advertisers, and staff worked side by side in the publication of the paper this year. From the standpoint of the Kernel this has been a satisfactory year. Its financial status is gratifying. During the session it has made its appearance always on scheduled time, a feat hitherto only irregularly accomplished. And lastly, this year, for the first time, the Kernel has been published entirely by its own plant.

If the Kernel has enjoyed a good year, its success is to be attributed to the helpful spirit which it has found on all sides. When such a spirit prevails it is a genuine pleasure to be associated in such a work as this. When school reconvenes in the autumn the incumbent staff will be back on the job, and refreshed by three months' vacation and inspired by the help and cooperation which in the past have been theirs, to work with redoubled effort.

Many plans are being considered for next year's program. Because of the efficiency of the business department in securing, and the cooperation of merchants in giving advertisements, it seems quite likely that the size of the paper next year will be somewhat enlarged. Plans are now being considered to make the paper next year a seven column one instead of six, and several other changes are being considered.

Research Club Meets

Two Papers Presented at Last Session of Organization

A paper on "The Frenching of Tobacco" was read by W. D. Valleau, of the department of agriculture, at a meeting of the Research club of the university, Thursday evening, in the office of President McVey.

Prof. S. C. Jones of the extension division of the Experiment Station also presented a paper on the "Marls of Kentucky."

This meeting, the last of the year, was well attended, 22 members being present. Dr. J. W. Pryor, president of the club, presided.

Law College Gives Banquet at Lafayette

Judge Chalkley Is Guest of Honor: Annual Scholarship Prizes Awarded

The annual banquet of the Law College was held Wednesday night at 6 o'clock at the Lafayette hotel at which time about one hundred students and alumni of the College of Law of the University of Kentucky were present.

The honor guest for the banquet this year was Judge Lyman Chalkley, professor of law in the college for many years. Toastmaster for the occasion was William Franklin Simpson, senior in the Law College, and responses were made by Judge

Chalkley, Dean Charles J. Turck, and Kenneth H. Tuggle.

The student records for the year were completed by the time of the banquet and the winners of the annual prizes were announced. The most important of these awards was the Lafferty medal which was given to the college in honor of the late Judge William T. Lafferty, founder of the College of Law and dean from 1908 until his death in 1922. There are about twenty students of the College of Law who will receive the degrees of Bachelor of Law at the University of Kentucky this year.

Davidson College this year has instituted a uniform honorary fraternity bid day as well as a social fraternity bid day. According to the Honorary Fraternity Council, after this year all honorary fraternities must extend their bids on the bid day.

There are 8,230 Americans in China, constituting the fourth largest of the foreign groups there.

55 ELLIS HALL

CHICAGO, ILLINOIS

Here's A Way to Make Money After Graduation In Your Own College Town

TAKE this Flower Shop at Wellesley, Mass., for example. It is located handy by, just outside the college grounds. It wasn't so long ago that all there was to it was a plain little frame building, with some rather diminutive green-houses hitched to it.

Now the shop is a most attractive brick building, with up to date greenhouses, and this show house opening right off it.

You should see the way the college girls come here and buy flowers! Christmas and Easter week, the Western Union brings a private wire right into the shop, and has an operator on the job to take the Florist Telegraph Delivery orders that come from parents and friends, for flowers to the girls.

From one of his rose houses alone, this man took \$9,000 last year. Doesn't all this start you thinking?

Man alive, where is there a business as healthy, fun-filled and profit yielding?

Just the kind that to-be-wives of yours would like. Had you ever stopped to think how many graduates are going into the greenhouse flower growing or shop business?

Hadn't we better start in getting acquainted so you can have the facts. Write us.

Ask us the hundred and one questions you have on your mind.

If interested write to the Manager of our Service Department, 38 E. 42nd Street, New York City, who will give it his personal attention.

NATIONAL PAVING BRICK MANUFACTURERS ASSOCIATION, ENGINEERS BLDG., CLEVELAND, OHIO

An Open Letter to John P. Senior

Dear Senior:—

Your campus days are very nearly over but don't let anyone mislead you into thinking that the "gladdest years of life" have also passed. Tackle the job of living with a little gumption and you'll find each succeeding year more enjoyable and satisfying than the year that preceded it.

Your big job in the next few years is to set your standards and erect your reputation. What the world wants to know about you is the soundness of your judgment and the dependability of your performance. Don't take chances on those two points. A clean reputation for solidity, trustworthiness and dependable performance is the goal to aim for. (Your dollar-income at first probably won't total very much under the best of circumstances, so be sure your reputation-income is the biggest possible.)

Team up with the best in everything that you handle. Stand for, advocate, fight for the best materials, the best designs, the best construction methods. Don't let your name come to get associated with second-bests, make-shifts and could-have-been-better-with-a-little-more-work-and-thought.

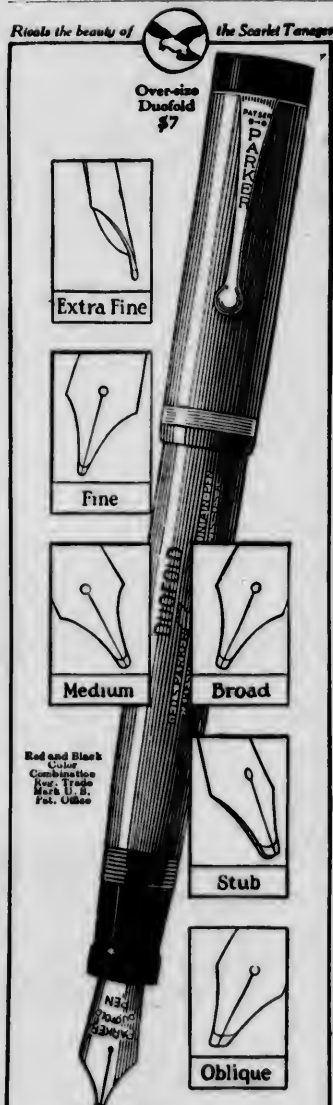

Build your reputation now—your fortune will come later.

The world doesn't owe you a living but it's ready and willing to pay you handsomely when you have justified it. It's a great world once you have made it respect you.

I've seen a lot of it and I know.

Sincerely yours,

Vitrified Brick

Costliest Point to Make Most Economical to Buy

For it's Guaranteed if not misused for 25 years

We pay \$2,340 a pound for the Tip alone—selected Iridium—hardest metal known.

We fuse it by hand into a point of Gold, and polish it to jewel-like smoothness.

We skillfully temper the point to yield to any hand, yet resume its original shape, so no style of writing can distort it.

It is magnified many diameters, and five times inspected by Parker experts.

LUCILE COOK
THE FORBIDDEN CITY

In May a U. K. student's fancy lightly turns to thoughts of Joyland, so past history of this here institution of learnin' teaches us. And I'll say this year warn't no different from any of the others. And, of course, Akkie'd have to be the first person out there. Se'd busted if she hadn't been. She thinks Joyland and Paradise are ope and the same.

Honest, the old woman in the shoe with her seeds and seeds of children didn't have half the worries I have with Akkie. I don't know why I'm so maternal toward her; she's about twice as big as I but she sort of lacks in gray matter, and naturally, I have enough for two.

Cee! I got clear off the subject. Oh yes, that evening Akkie had a date with her best beloved (the one who has pinned her, not the other'n) and the moon being correct, and there being two gallons of gas in the colleg-

ate, Ford what do they do but rattle at the Paris pike and pass the Great White Way. 'Bout that time Akkie asks what is that beautiful city, she didn't know there was one like that close to Lexington. So her I Maka Fire, having twice two bits in his balloon pocket, says, "Well, we'll take her in."

They did! They didn't miss a thing. The only trouble was that the university authorities missed Akkie. Then came the tragic letter announcing that all girls under Student Government would be campused for the week-end unless the culprits what went to the "Forbidden City" confessed.

And when Akkie heard that she was more determined than ever not to confess. "No, sir," says she, "I ain't a givin' myself away to get a notice saying 'my sweet presence ain't needed here any more. They can campus the whole place for all I care.'"

Then I steps in, with my views of fairness and clean sportsmanship and says, "Akkie, you ain't a sport, and

Football Goes on Trial as College Faculties Discuss Popular Sport

Committee Charges That Game Encourages Drinking, Gambling and Dishonesty; Dr. Edgar Pauver of Wesleyan University Advocates Plan To Limit Participation of Players to One Year

Immediate action by college faculties to obtain regulation of intercollegiate football is urged, to offset the serious disadvantages charged against the game, in a report made in the current Bulletin of the American Association of University Professors by a committee of which Prof. Ernest H. Wilkins of the University of Chicago is chairman.

The committee charges that the present game tends to distort the sense of values of college life, that it gives opportunity for drinking, gambling and dishonesty, and that it tends to obscure in the public mind the true purposes of the college. To counteract this the report suggests preparation of a plan before next fall to restrict the period of performance of the players.

Adoption of either the Wesleyan parley plan or the Pauver plan is advocated by the committee. The

parley plan provides that each college schedule only four games a season. Each game should be with a team in its own class and in its own vicinity. The Pauver plan was suggested by Dr. Edgar Pauver of Wesleyan University and would limit participation by students in intercollegiate football to one year.

The report concedes the advantages of football, but emphasizes the many disadvantages, which it is held now result from the game. The most serious disadvantage for the undergraduate body, the committee sets forth, is the over-enthusiasm about football which prevails during the football season to the detriment of the central interests.

Other disadvantages include the tendency of football as now carried on to give occasion for drinking, its encouragement of betting and its provocation of dishonesty in various ways.

you ain't playin' fair. And what's more if you don't tell, I will."

And that did the trick! When every measure known to those high in authority failed, when the joy of hundreds hung by a thread, I did the trick and saved the day. So now, women students of the University of Kentucky, I wish you would extend your thanks to Akkie for getting you out of a week-end campus, and please don't forget Ikkie who was the man behind the scenes.

"Did they start you at the bottom in your business?"

"At the bottom—the deuce! They excavated!" —Chaparral.

There was an accident and many people had gathered about the wrecked car, when one drove up and cried to the man lying beneath, "Say, Jim, did you have an accident?"

"Naw, came from beneath the car, 'the kids always wanted to see the works, so I turned the darn thing over for them." —Ski-U-Mah.

She—"Are you a junior or a senior?" He—"Well, I'll be sophomore next year." —Lampoon.

"Why don't you set a limit for yourself?"

"I do, but I always get drunk before I reach it" —Medley.

That check girl—"Aren't you going to give me a tip? Why the champion tightwad of the town gives me a line."

Friscible old gentleman—"He does? Well, gaze upon the new champion." —Whirlwind.

He—"How old are you, my good woman?"

She (demurely)—"I have seen eighteen summers."

He—"What an unhappy life you must have led." —Hogan's Alley.

He—"Dearest, am I the first man at ever held you in his arms?"

She—"Yes, of course. Why do men always ask the same question?" —Flamingo.

"Waiter, do you have corn on the ear?"

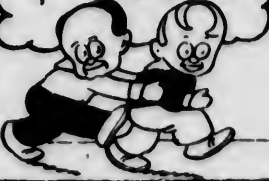

"No, sir. That's a wart." —Cannon Bawl.

"Am I the first girl you ever loved?"

"Oh, no, but you see my taste has been improving right along." —Ski-U-Mah.

"Have you heard about the Spoon mystery?"

WE JUST CAME TO THIS PARTY TO GET SOME ICE CREAM

Dixie is made from the purest materials obtainable. It is Pasteurized and Heatized, so its purity is protected by the two greatest scientific safeguards known.

THERE'S A DIXIE DEALER NEAR YOU

he either comes or he doesn't."

She—"I only necked three times last year."

He—"Is that all?"

She—"Yes, spring time, winter time, and any time I felt like it."

—Texas Ranger.

Wise prof—"And so, students, we can come to the conclusion that noth-

ing is impossible."

Fresh frosh—"Well, I'd like to see you ram this umbrella down your throat and open it."

—Tenn. Mugwamp.

When comes that day of days—and suddenly you know you're a Senior, at the top of the world —have a Camel!

WHEN comes the day that can come but once. And as a Senior you've reached your place at the top of the world—have a Camel!

For Camel shares of its own enchantment with life's memorable events. Camels are of such choice tobaccos that they never tire the taste or leave a cigarette after-taste. Regardless of the money you pay, there is no mellower, friendlier or better cigarette made than Camel.

So this day as you've safely passed all the hazards to life's sublimest moment—know the taste, the contentment that is the due of the world's experienced smokers.

Have a Camel!

No other cigarette in the world is like Camels. Camels contain the choicest Turkish and Domestic tobaccos. The Camel blend is the triumph of expert blenders. Even the Camel cigarette paper is the finest—made especially in France. Into this one brand of cigarettes is concentrated the experience and skill of the largest tobacco organization in the world.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price. R. J. Reynolds Tobacco Company Winston-Salem, N. C.

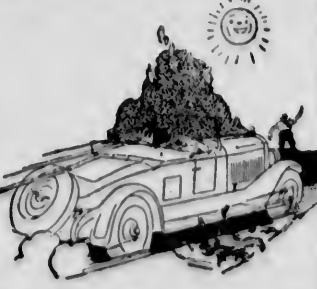

Back in the days of Dobbin... when the college sheik (then known as the "dude") gave his best girl a great whirl around the campus on Sunday afternoons, Anheuser-Busch was nationally known among good fellows.

And today, when we do sixty miles an hour without hurrying... and good mixers are popular everywhere,

BUSCH (A-B) PALE DRY

is the favored drink of college men because, like the college man, Busch Pale Dry is a good mixer everywhere and every time.

IMPORTANT EVENTS OF PAST YEAR ARE RECALLED

1925-26 PROVES BANNER SESSION

Chronological Table Recalls Installation of Phi Beta Kappa, Defeat of Centre, and Other Achievements

TAKEN FROM KERNEL FILE

(Compiled by A. P. ROBERTSON)

September

21—Registration begins. Students pour into Lexington.
23—Instruction begins. Students predict hard winter.
26—Maryville is taken into camp in the first football game of the season.

October

3—The Wildcats lose in Chicago but the city surrenders unconditionally to 'he band.
8—Dr. D. C. Elliott president of Purdue University, addresses the first monthly convocation.
9—The Suky circle pledges eight boys and five girls.
10—The freshmen make their football Normal 14-0 while the varsity downs Clemson 19-6.
17—Washington and Lee's Generals romp over Kentucky's Wildcats.
23—Second annual Kentucky Educational Conference opens at U. K.
24—"Cats" ruin Sewanee 14-0.
30—Kittens lose to Georgetown's frosh in a battle for the state freshman championship.
Annual frosh-soph tug-of-war did not occur.
Theta Sigma Phi pledges seven.
31—Old Centre falls before the drive of the confident Wildcats. Students make merry at the faculty's Halloween party.

November

5—Class elections. Vossmeier and Beckner are selected to lead the seniors. Augustus and Harbeson are honored by the juniors, while the sophomores choose Schulte and Smith.
6—Richard Williamson and Emmet Milward are elected president and vice-president of the Men's Student Council. Finley Davis is freshman president.
7—Alabama's "Crimson Tide" overwhelms the Wildcats 31-0.
10—Seaboard and Blade pledges fight.
11—The R.O.T.C. unit marches in Armistice Day parade. Maj-

Gen. George Duncan speaks at the Armistice Day services in the gym.
12—Dean Anderson attends the annual convention of the Land-Grant Colleges of the United States.
14—V.M.I. loses hard-fought game to Kentucky's Wildcats 7-0.
Nov. 16—Y.M.C.A. Bible group begin their discussions.
19—Faculty members of U. K. attend Kentucky Educational Association meeting at Frankfort.

The Patterson Literary Society is reorganized on the campus.
20—Samuel John Duncan-Clark addresses the monthly convocation.
Alpha Zeta pledges.
Alpha Delta Sigma pledges eight.
Strollers Amateurs Night. Bob Thompson and Lois Cox win with the "House of Cards."

21—Kittens win from Tennessee's "Rat" 8-0.
23—The R.O.T.C. unit votes the honor system.
25—Tau Beta Pi pledges seven.
26—Thanksgiving holiday and home-coming day on the campus. Tennessee does down 23-20 in a thrilling struggle. Mohny's toe and Tracy's heels bring the victory. Homecoming dance at night.
28—Kittens win from Centre's Lieutenants 20-0.
30—Frank Smith is selected to captain Kentucky's '26 football team.

December

4—Local Y.M.C.A. sends delegates to the state Y.M.C.A. students council at Danville.
5—Students in straw vote favor the World Court.
6—First Cadet Hop of the season.
11—Winners in the "Kentuckian's" beauty contest are announced. Misses Lucille Rob, Charley Smith, Marie Beckner, Margaret Williams, and Helen Board are selected by Flo Zeigfeld from among 30 portraits of U.K. co-eds.
11—Kathryn Brown is declared the university's most popular girl in the Kentuckian's popularity contest.
The "Messiah" is given in the university gym by the Central Kentucky Choral Society.
U. K. holds state World Court conference.
Cat football schedule for '26 announced. Indiana, Florida and V. P. I. are new names appearing on it.
12—Roscoe Cross is named Rhodes scholar from Kentucky.
19—Depauw defeats the Wildcats in the first basketball game. Annual "K" dance.
23—Christmas holidays begin. Students grab rattlers, busses and fivers for their natal cities.

January

5—Students meet classes heavy-eyed.
7—Coach Murphy names Ab Kirwan as assistant football coach for the season of '26.
9—Berea is eliminated by Kentucky's basketweavers.
12—Georgetown loses to Kentucky 36-21.

John Dabney is re-elected to the presidency of the Suky circle.

16—Georgia Tech loses by one point to a fighting Wildcat team.

Lorado Tift of Chicago speaks at the university convocation.

22—Pitched battle between the students and faculty begins. The fighting last a week. Students emerge victorious but with severe losses.

February

1—Registration for the second semester begins.

2—Phi Delta Phi and Phi Alpha Delta, law fraternities, pledge six and seven men respectively.

3—Classes resumed.

5—Charley Smith is elected sponsor of the band.

Washington and Lee's basketball

squad suffers defeat at the hand of the Wildcats.

8—Auburn is unable to withstand the 'Cats.

13—Tennessee is beaten.

15—Georgia becomes another Wildcat victim.

16—Dr. Frederick Shannon of Chi-

Advertisers

We Thank You

This issue of The Kentucky Kernel, official newspaper of the student body of the University of Kentucky, closes the most successful year of its history. This success is measured not only by a financial "yard stick" but in method of presentation of campus news.

But in order for a newspaper to exist it is necessary that there be financial backing which is the direct result of advertising. The merchants of Lexington and foreign companies have been loyal supporters. The management takes this means of showing its appreciation and extends thanks of the entire student body for this loyal support.

The Kernel suspends publication for three months but wishes to welcome all advertisers into the first issue of the forthcoming session which will be larger and thus will afford a better position for each advertisement.

Those advertisers who have loyally supported The Kernel during the past year and deserve the support of every student of the university are:

FOR

UNIVERSITY ORGANIZATIONS

JOHN G. CRAMER, Manager

The KENTUCKY KERNEL

EVENTS OF YEAR ARE RECALLED

(CONTINUED FROM PAGE SIX)

cago speaks at the university convocation.

20—The Wildcats close a very successful basketball season by winning from Vanderbilt.

22—Washington's Birthday and a holiday on the campus.

25—Delta Sigma Pi pledges 10 men. 26—Cadets shine their boots for the annual military ball. Scabard and Blade pledges 14 men.

March

1—The Wildcats are eliminated from the Southern Conference tournament by Mississippi A. & M. in the semi-finals. Jenkins is chosen all-conference guard.

5—"Icebound" is selected as the Stroller play.

7—Phi Beta, musical fraternity, pledges.

10-13—The university is host to the high schools of the state at the annual high school tournament. St. Xavier's High school, Louisville, won the state title.

12—Announcement is made of the appointment of Professor Noe as poet-laureate of Kentucky.

Phi Beta Kappa is installed at Kentucky.

13—Paul Jenkins is chosen 'Cat basketball captain for '27.

Annual Suky dance. 15—Kernel elects officers for the ensuing year. John R. Bullock is editor-in-chief and Niel Plummer is managing editor.

Alpha Delta Sigma pledges eight men.

16—The Legislature kills the University bill.

19—The Glee club returns from its trip.

Junior prom.

25—John Riffe is elected captain of the '26 baseball team to succeed "Turkey" Hughes.

27—Omicron Delta Kappa initiates 15.

Freshman Frolic

ORCHESTRA FOR ENGINEER'S CARNIVAL

Far-famed Hotel Aims orchestra of Cincinnati, which will be featured at the Engineers' Carnival to be held at the gymnasium Thursday, May 27. They will also play at the banquet and dance of the American Society of Heating and Ventilating Engineers to be given Friday night at the Lafayette hotel. Alvin Roehr is director of the Cincinnati orchestra. Elaborate plans have been laid for the carnival and Dean Anderson predicts it will be the best one ever given by the Engineering college.

30—"The Red Letter," Theta Sigma Phi's scandal sheet, appears on the campus.

31—"The Keys" pledge 10, "Mystic Thirteen" pledges 13.

April

1—Senior engineers leave on their annual inspection trip.

The faculty and students declare an armistice for the Easter season.

April 5—Registrars' institute opens at U. K.

6—Hostilities resumed.

The University of Kentucky rifle team wins the corps area championship.

16—The Kernel publishes its annual "Blue Ridge" edition.

The debating team meets Arizona on the child labor question.

"Hot Tamale," Kentucky's wildcat mascot, is given to the Cincinnati zoo.

Kernel staff banquet.

17—Kentucky hits Georgetown's pitchers freely and wins by ten runs.

Vanderbilt wins from U. K. trackmen at Nashville.

Sophomore Cotillion.

21—W. H. Driscoll, president of the National Heating and Ventilating Engineers, addresses the engineers.

24—"Cat tracksters trim Tennessee at Knoxville, 74-46.

The junior engineers going south leave on their tour.

25—The junior engineers, those going north, leave.

26—Kentucky selects its May Queen, Miss Dorothy Chapman.

27—Alpha Sigma Phi fraternity announces the purchase of a new house.

"Cats and University of Cincinnati Bearcats play a tie game on Stoll field.

29—Kittens win from Picadome, 7-6.

May

1—Students hold annual May Day exercises, Alpha Gams and Alpha Tau Omega win prizes for best entries in parade.

"Benny" Edwards gets scholarship cup. Mortor Board pledges.

Wildcat track team sinks Sewanee on Stoll field, 67-45.

May 4—University edition of "Herald" published by journalism students appears on time.

6—Doctor Foster arrives for three day visit. Comes under auspices of University "Y."

7—Suky inaugurates new type of "struggle"—official cognomen is the "Twilight Dance."

University is guest to high school students for annual tournament.

8-9—"Mother's Day" is observed on campus. Approximately 250 mothers of university girls visit here.

8—"Wildcats" trounce ancient rivals, Centre, 9 to 0.

'Cat track artists lose to Indiana, 73 to 43.

14—Theta Sigma Phi, women's journalism sorority publishes Kernel in accordance with annual custom.

Student Council president is elected. Arch Bennett is honored.

17—Senior exams begin. Many sickly grins appear.

20—Strollers give "Icebound" as eighteenth annual production at Woodland auditorium. Pronounced the best of all its predecessors.

DABNEY ACCEPTS POSITION

John Dabney, of Hopkinsville, senior at the University of Kentucky, has secured a position as commandant of cadets and a faculty member of Baylor School, a military school for boys at Chattanooga, Tenn. He will assume his new duties at the Tennessee institution next September when the fall semester of the school opens. Mr. Dabney is prominent in many school activities, and he is a cadet colonel of the R.O.T.C. regiment at the university.

LOST—White Gold Dorine—S.A.F. insignia on top. Please return to Kernel office.

MISS KATHERINE BROWN

Miss Katherine Brown, of London, Ky., sophomore in the College of Arts and Sciences, was selected this year by students as the most popular girl in the university. Miss Brown was an attendant of the queen in the May Day exercises. She is a member of The Kernel staff and of the Alpha Xi Delta sorority.

Dr. Frank L. McVey, president of the University of Kentucky.

Miss Marie Beckner, of Winchester, one of the outstanding members of the class of 1926. Miss Beckner was selected by Flo Zeinfeld as one of the five prettiest co-eds at the university. She is vice-president of the senior class and a member of the Delta Delta Delta sorority.

"Jimmy Mac," captain of last year's basketball team and for three years a member of the Varsity.

Journalism students of the university who composed the staff which published the regular edition of The Herald on May 4.

Ab Kirwan, captain of last year's football team, and selected as assistant coach for 1926.

The first goal ever kicked in the new stadium! Kentucky performed this feat in the opening game with Louisville in 1924.

How the stadium will look on Saturday, November 20, when the Wildcats play Centre here. This picture shows part of the record-breaking crowd which witnessed the annual classic in 1924.

Queen of May in 1925 was Miss Anne Shropshire, of Lexington, who graduated last June. Miss Kelley was also elected the most popular girl in the university her senior year. She was a member of Alpha Gamma Delta sorority.

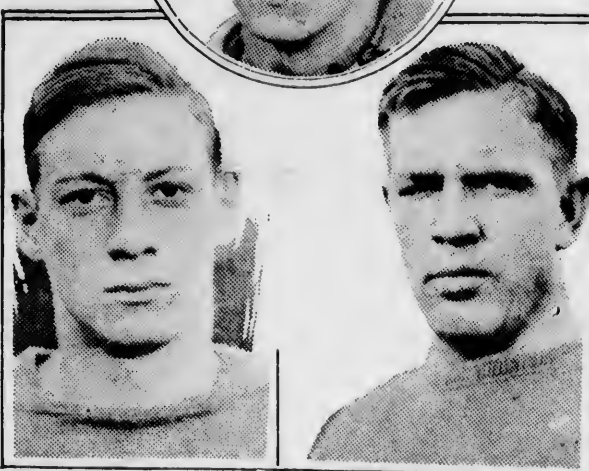

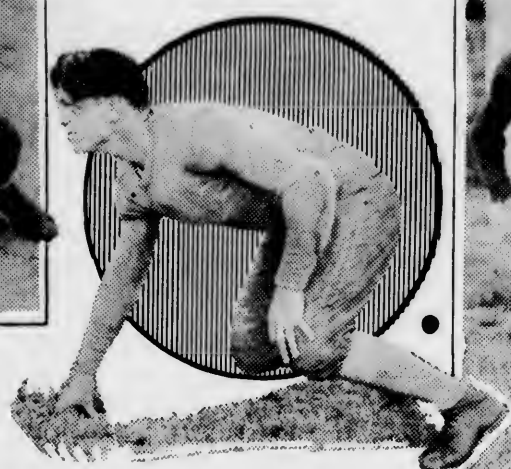

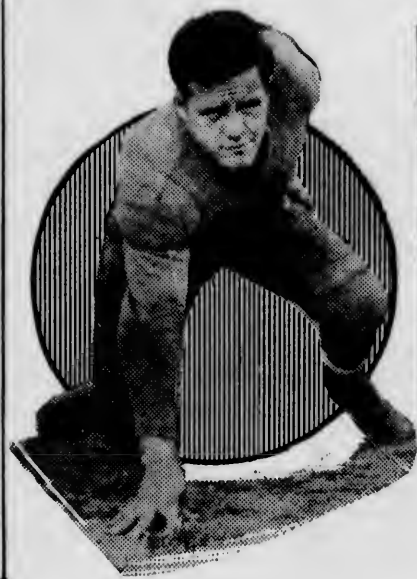

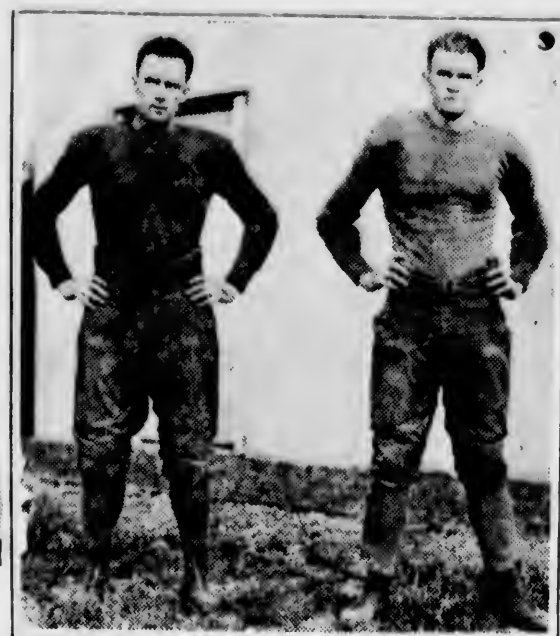

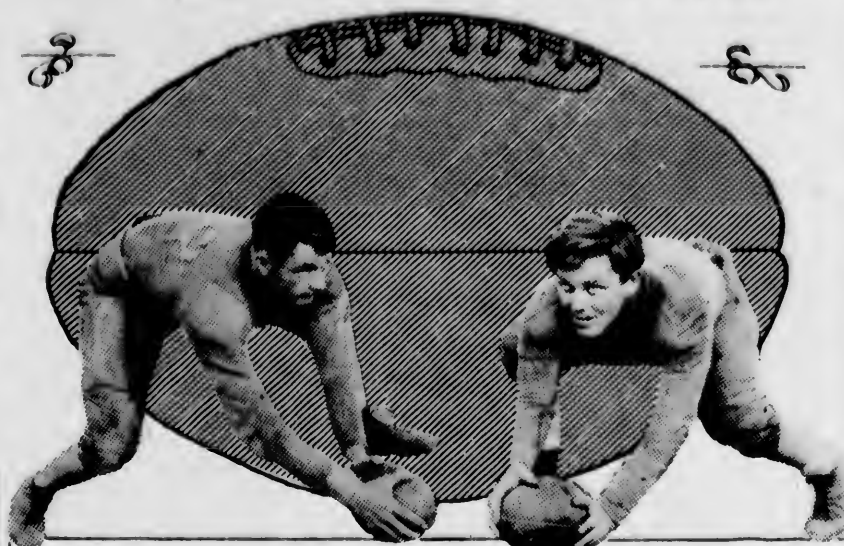

Memories of two years ago are recalled by these scenes in the May Day exercises of 1924. Miss Anne Shropshire, now Mrs. Raymond Kirk, as queen ruled over the festivities of that year.

Miss Dorothy Chapman, of Uniontown, sophomore in the College of Arts and Sciences, was this year's May Queen. Miss Chapman is secretary of the sophomore class, company sponsor in the R.O.T.C., and a member of the Chi Omega sorority.

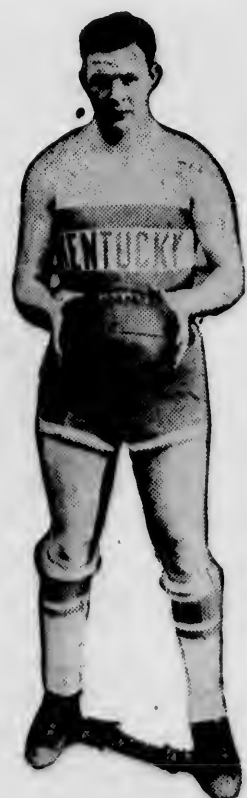

Wildcat Celebrities

Men who carried the Blue and White through one of its most successful football seasons. Top row—(left to right) Mohney, Jenkins, Pence, Maloney, Van Meter, Rice; second row—Smith, captain of 1926 team, Schulte, Vert, Cammack, Ross, Evans. Bottom row—Kirwan, captain of 1925 team, Tracy, Edwards. All of these players, except Rice, Cammack, Kirwan and Tracy, will be members of this year's football team. Kirwan will assist Coach Murphy in whipping the Wildcat back field men into shape next fall.

"Hot Tamale," the last and most illustrious of Kentucky's feline mascots. May he rest in peace at his new home in the Cincinnati Zoological Garden.

Prof. J. C. T. Noe, of the Education College, who was recently honored in being selected poet laureate of Kentucky by the legislature.

Burgess Carey, captain of 1925-26 Blue and White basketball team.

These men, gentle readers, are members of the University of Kentucky basketball team which lost only two games during its entire season this spring. From left to right, they are, Underwood, McFarland, Alberts, Mohney, Helm, Captain Carey, Besuden, Captain-elect Jenkins, Hickerson.

Paul Jenkins, all-southern guard and captain-elect of the 1926-27 cagers.

COLONELS MEET 'CATS TOMORROW

Kentucky's age-old rival, Centre College, will send their baseball team into the Cat camp tomorrow in an effort to avenge that 9-0 walloping administered by the Blue and White earlier in the season.

With Kentucky in high gear and going at the pace she has manifested in the past few games, everything points to a Wildcat victory. However there will be plenty of action—there always is when the Colonels clinch

with the Cats, and regardless of odds both teams can always be depended upon to invariably put up a fight characteristic of all their names imply.

Jess Riffe, Pittsburgh Pirate pitcher "in la future," and the lad who negotiated the no-hit, no-run game against Centre last year, will probably be Coach Murphy's choice for the box tomorrow and with his southpaw offerings of the Chinese puzzle variety to worry with, things may not look so rosy for Centre long 'bout the ninth inning, that is, if history repeats itself.

A salt marsh in which the water is composed entirely of sodium sulphate, is located west of Valmound, N. M.

HOOVER

WE THANK YOU

To Jim Brady, Bill Gess, and Louis Root I extend congratulations and thanks. And I believe I speak the thoughts of the entire student body. Although the latter named athlete did not qualify in the trials at the annual Southern Conference track and field meet held at Chapel Hill, N. C., last Friday and Saturday, he tried hard and like a man, and after all that is all Kentuckians expect of their sons.

As for Jim and Bill, probably everybody knows what they achieved. Brady set a new conference record of 22 feet for the broad jump both in the trials and in the finals and Bill garnered a second in the half mile and a third in the quarter, running under the most difficult conditions. It is mighty hard for a Sophomore, as Gess is, to go into a foreign field and conquer for the first time, despite the fact that his merit for speed is known from one end of Lexington to the other and many points South. He took five points anyway and these, together with Jim's points in the jump and the pole vault, in which he tied for second place, gave Kentucky fourth place in the meet—not bad for two men.

What you say, let's turn the paper over to the women every week?

Did you ever notice Wallace Sanders bend his knees in to hold up his weight when he is talking to anybody?

TALES OF A ROOMING HOUSE

Verily, sometimes I think the landlady has the bath room rented out.

There's one thing sure, you can pick the Juniors out of the crowd on review and inspection day. Well, we could call it the color line, all the underlings in khaki and us upperlings in gingham dance apparel.

Which reminds me that as far as I'm concerned they can have reviews and inspections all day long, if we get out of class that easy.

YES SIR

Just giving a warning to the Rent-A-Ford Co. Better watch out for the dean. Cause? Your ad last week—"When moonlight floods the country—enjoy it in a new car." Just causing more fuss for the county cops, that's all.

WHAT DOES IT MATTER?

Kyle Whitehead says he kind of has a hunch that somebody said something about him in this column last week. But at that whoever penned it didn't know how to spell Omar Khayyam.

HATS OFF TO TED AND RED!

After all everybody has his calling and Ted Creech is no exception.

A notable example of this was brought to light in the Kentucky-Indiana track meet in which Ted, with the javelin, beat the Hoosier who was cleaned up with everything in the Western Conference this season. When asked by one of the Indiana boys how far he could throw the spear, Creech replied "about 135 feet." To which the Hoosier replied, "Why, we've got a man that can throw it 180 and '90 feet." But the records show that Mr. Creech won the event with a heave of 163 feet, 6 inches.

Ted came out this spring and tried everything from ten pins up to spring football and when he finally donned a track uniform he attempted everything from running the 50 yard dash to throwing the hammer. He compromised with the boys, told them he was going to make the relay team—he did—and finally got so darned adept with the javelin that he beat the sox off everybody.

And Dick Elliott is another surprise athletic example of the year. He came out, worked hard and only a few weeks ago gave the University of Tennessee two miler the first defeat of his career and incidentally won the first race of his whole career by sheer guts. And these are the kind of men our institution like to hold up before the public.

PULLIAM WINS TRACK CONTESTS

Miss Nell Pulliam, of Frankfort, won the girls' track championship with a score of eight points, in the meet held for women students of the university, on Stoll field, Thursday afternoon, May 13. The "town girls" and the Sigma Beta Upsilon sorority tied for team honors, with 11 points each, and the silver loving cup offered to the winners, at the Women's Athletic association banquet, May 18.

Miss Mary Alex O'Hara, of Williams town, won second honors, with

seven points and Miss Eleanor Beggs, of Wilkinsburg, Pa., was third with five points. The winners of the various contests were as follows:

Basketball throw—Miss Mary Alex O'Hara, first, 58 feet, six inches, and Miss Frances Osborne, second, 55 feet, three inches; high jump—Miss Mildred Pool and Miss Mabel Hill tied for first at four feet, and Miss Georgia Alexander, second, at three feet, nine inches; 50 yard dash—Miss Nell Pulliam, first, seven seconds; Miss Eleanor Beggs, second, and Miss Martha Minihan, third. The winning team in the relay race was composed of the following young women: Miss Nell Pulliam, Miss Anna Mae Stamper, Miss Alice Young and Miss Martha Minihan.

Leaps 22 Feet To Establish New Southern Conference Mark; 'Cat Team Takes Fourth Place in Meet

NORTH CAROLINA WINS

The University of Kentucky track team represented by only three men, Jim Brady, Bill Gess and Lois Root, broke one Southern Intercollegiate Conference record, scored twelve points, and took fourth place in the Southern Conference meet which was held at Chapel Hill, North Carolina, last Saturday. The University of North Carolina won the meet.

Captain Jim Brady of the Wildcat team set a new conference record of 22 feet in the broad jump, and in ad-

dition to winning this event he tied for second place in the pole vault. Brady also holds the record in this event.

Bill Gess, one of the promising middle distance runners in the South, took third place in the 440 and second place in the 880 yard run. In both of these races Gess drew the outside position at the start. The half mile was run soon after the quarter and Gess had little rest between these two races. The half mile run was a heart breaker for the Wildcat star who ran a beautiful race only to lose by less than a yard.

Louis Root, the other Wildcat contestant, failed to qualify in the hurdles. However, much credit is due Root as he has been a consistent point winner during the entire season.

This was the last meet of the season for the Wildcats. Besides the Southern Conference meet the Wildcats had four meets, winning from Sewanee and Tennessee, and losing to Vanderbilt and Indiana.

"COWBOY" UNDERWOOD

History of 1925 Football Season Is Record of Brilliant Triumphs

(By WARREN A. PRICE)

One of the most glorious chapters of the University of Kentucky's football history was written last fall as a result of the successes and achievements of the Wildcat grid team, which, beginning the season on September 26 with a notable triumph over Maryville and ending with a spectacular win over Tennessee on Turkey day, swept through nine battles, winning six and losing three, including victory over Centre for the first time in eight years.

Only one stain blots the brilliancy of Kentucky's record; the 25 to 0 defeat at the hands of the Washington and Lee Generals. The Virginians exhibited such a varied assortment of passes that it made the Wildcats groggy. Bullet-like shots rained to all quarters of the field, always ending their flight by settling into the arms of a waiting General. Kentucky, playing her worst game of the year, was afflicted with a condition from which all teams suffer when they attempt to play football on one of their off days.

30 Wildcats Report

In the opening days of September, 30 Wildcats reported to Coach Murphy. Immediately they donned the moleskins and started their daily practice sessions, which lasted throughout the season. Everything pertaining to football functioned in perfect harmony, and when the student body returned on September 20 they were amazed to find a trained and well organized squad of Blue and White football players going through their daily grind on Stoll Field.

Although the spirits of the university were somewhat dampened by the loss of the great Sanders, captain of the 1924 eleven, Sauer, and Turner Gregg, they rose to normalcy when they saw who was to take their places, the members of the preceding year's

freshmen aggregation, Jenkins, Phipps, Mohny, Moloney, Ross, Ellis, Wert, Pence, Hickerson, Edwards, Kirkendall, and Schulte.

Of the veterans, Captain Kirwan, Caveman Rice, VanMeter, Montgomery, Tracy, Hughes, Smith, Dellaven, Bickel, Creech, Portwood, Derrick, Evans, Harbold and Vossmeier were back in their original positions, some of them prepared to make their last year on the varsity contribute to a most successful season.

Maryville Surprises

On September 26, Maryville College, from the mountains of Tennessee, sent their pigskin performers into the Blue Grass to help inaugurate Kentucky's football season. Stoll Field was the scene of the engagement and also the scene of some very ragged playing on the part of both teams, which is usually the procedure of opening games.

The first half of the contest was hotly contested, neither side gaining a decided advantage over the other one. Toward the latter part of the first half Kentucky kicked in her territory and was blocked by a Maryville man, who picked the ball up and ran for a touchdown, the only points they scored during the entire game. In the second half, the Wildcats got

busy and rolled two touchdowns across the goal to win the game, 13 to 7.

October 3, Coach Murphy's charges, accompanied by 1,200 rooters, entered Chicago to play their first game against a Big Ten team, an accomplishment that has not been done before in the history of the institution. The University of Chicago's team, under the able coaching of Alonzo Stagg, met the Wildcats on Stagg field in the presence of the large delegation of Kentucky supporters and approximately 30,000 other spectators, which is the largest crowd that a Kentucky team has ever performed before.

Five Yards McCarty, the most famed of Chicago's gladiators, was downed on every attempt he made to carry the ball but a lesser Maroon satellite, Rouse, exhibited the only real offensive play of the game, scoring the only touchdown, thereby aiding to beat Kentucky by a small score of 9 to 0.

On the following Saturday the Wildcats entertained Clemson and wrenched from them a hard earned victory, 19 to 0. Sewanee was the next victim, being beaten in a tight game, 14 to 0.

After suffering the ignominy of seven consecutive annual defeats, the Wildcats journeyed to Danville to get revenge from their greatest rival, Centre, November 1. Centre did not know in which direction to turn to get away from that snarling, charging horde of Wildcats, who pushed the Colonel far enough to get a 16 to 0 victory.

Following this triumph, the Crimson Tide of Alabama met the Wildcats in Birmingham and administered a severe drubbing of 31 points to Kentucky, who was minus the services of Smith and Hughes. A week later, the 'Cats atoned for their setback at the hands of Alabama by conquering V. M. I. at Charleston, W. Va., by the county of 7 to 0.

In one of the most spectacular

games of the season, Kentucky triumphed over the Tennessee Volunteers, 23 to 20. Leonard Tracy made all of Kentucky's touchdowns, but there were 10 other Wildcats, who displayed the greatest fighting spirit that ever characterized a Kentucky team. It was a fitting end for a successful season.

'CATS HUMILIATE AGGIES TWO TIMES

Mississippi A. and M. Nine Falls Before Kentucky by 9-6 and 12-1 Scores; Smith and Riffe Steal Home

WERT AND BACH HURL

The highly touted Mississippi Aggie baseball team was not able to withstand the concentrated attack of a rejuvenated Wildcat team and went down to defeat in two consecutive games Monday and Tuesday by the scores of 9 to 6 and 12 to 1.

Charley Wert, pitching in brilliant form, held the opposition to six hits in the first game, while his mates backed him up with errorless fielding. Riffe, Smith, Vossmeier, and Crouch contributed two hits apiece, while Ericson slammed a home-run out near the stadium in the sixth inning. The Wildcats set a precedent by having two men steal home in one inning. John Riffe and Frank Smith entered Kentucky's hall of fame when they executed these in the fifth inning.

In the second game Red Bach had everything his own way, striking out seven men and allowing the Aggies only three hits. John Riffe contributed the Wildcat's daily circuit clout, by slamming out one in the fourth inning. Frank Smith led the hitting by getting three singles out of four trips to the plate, while Anderson's sensational catch in the outfield provided the fielding feature.

FROSH TRACKMEN BEST BEREANS

Thomasson and Kavanaugh Star as Kentucky Freshmen Win Dual Meet; Former Wins Half and Quarter Mile

BARNHILL FIRST IN JUMP

In a dual track and field meet with Berea College freshmen at Berea Monday afternoon the Kentucky Kittens emerged triumphant by 26 points, the score being 83-47. Taking all

places in the javelin throw, the broad jump, the high jump and first and second in the half mile, and two mile, the Green team scored so great a lead that it was impossible for the opposition to overcome it in the remaining number of events. Roy Kavanaugh and Wayman Thomasson of Kentucky tied for first honors, the former capturing first place in the discus throw and shot-put and the latter winning first place in the 440-yard dash, and the half mile run.

Berea got off to an early lead by securing first and second places in the 100-yard dash and first in the 220-

yard dash. But West of Kentucky tied the Berea entry for first in the pole vault by vaulting 10 feet 4 inches, Sam Shipley won the 120-yard high hurdles, and Barnhill leaped 20 feet, 3 inches to capture first honors in the broad jump. Sandifer, Ringo, and King, of Kentucky, tied for first place in the high jump.

Two Berea track records were equalled when Barnhill made his leap and Thomasson ran the quarter mile in 52.4 seconds. This was the only freshman track meet of the season and Coach Eklund stated he was well satisfied with the results.

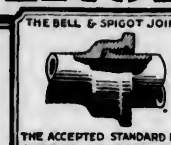

Resists Corrosion

THIS picture, taken in the salt marshes near Kearny, N. J., shows two lines of 30-inch Cast Iron Pipe replacing pipe made of other material. The alternate exposure to the action of salt water and air is a severe test.

While the pipe shown in the picture is subjected to unusual corrosive influences, all underground pipe must be able to withstand corrosion to a greater or less degree. Cast Iron Pipe has this quality. It does not depend on its coating to resist rust; the material itself is rust-resisting. The first Cast Iron Pipe ever laid is in service today at Versailles, France, after two hundred and sixty years' service.

THE CAST IRON PIPE PUBLICITY BUREAU, Peoples Gas Bldg., Chicago

CAST IRON PIPE

Our new booklet, "Planning a Waterworks System," which covers the problem of water for the small town, will be sent on request.

Send for booklet, "Cast Iron Pipe for Industrial Service," showing interesting installations to meet special problems.

We wish to take this opportunity to thank the students of the University for their patronage, and wish them every success.

P. A. throws
pipe-peeves
for a loss

AND the bigger they are, the harder they fall, as Shakespeare or somebody said. You can prove this beyond question with a jimmy-pipe and a tidy red tin of Prince Albert. Anytime. Anywhere. As a matter of fact, tackling pipe-grouches is P. A.'s regular business.

Cool and sweet and fragrant, P. A.'s wonderful smoke comes curling up the pipe-stem, filling your system with a new brand of pipe-pleasure. You smoke—and smile! For the first time in your life, you've found the one tobacco that scales to your blueprint of bliss.

Slow or fast, no matter how you feed it, P. A. never bites your tongue or parches your throat. Those important items were taken care of in the original plans by the Prince Albert process. Get yourself a tidy red tin of this friendly tobacco today.

PRINCE ALBERT

—no other tobacco is like it!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and punch removed by the Prince Albert process.

"THE STORE FOR THE COLLEGE MAN"

PRESIDENT DISCUSSES PROGRESS DURING YEAR

(CONTINUED FROM PAGE ONE)

fortunate in not having it passed, because \$3,600,000 of bonds would hardly meet the needs of the university in any large way and the future certainly has in it some hope of adequate provision for building construction.

Enrollment Is Increased

During the year the student body increased in numbers with a total of 2,314. One of the most satisfactory things that occurred during the year has been the development of the Graduate School and the organization of its administration under the direction of Dean Funkhouser. More than a hundred students who are registered at the university are engaged in graduate work. About forty will appear at Commencement time as candidates for degrees of Master of Arts. Plans are now being presented to enlarge the instruction in the Graduate School.

Some of the staffs have been increased in number but all in all the teaching body is about the same as it was last year. It has been highly satisfactory in the work which it has done and the year measured by results may be put down as a credit to the university. This year nearly 400 students will receive their degrees from the university.

Sub-Stations Progress Well

The Legislature made the usual provision for the maintenance of the sub-stations at Quicksand and Princeton and also gave \$22,000 for the construction of buildings at Princeton. The work in both of these sub-stations is progressing nicely. During the absence of Dean Cooper in Washington, the Experiment Station and Agricultural Extension work have gone on in a satisfactory way but all the members of the staff look forward with pleasure to his return in June. The university devotes fully one half of its income to the Agricultural Experiment Station and agricultural instruction. In other words, one half of all that the university receives from every source is used for the advancement of agriculture in Kentucky and the administration of this work is a matter of the very greatest importance and it has been done conscientiously and effectively.

The other colleges have gone on with their courses and the instruction of their students and have done their work well despite many handicaps. Taking the year as a whole I think it may be regarded as a year of progress. The morale of the university both in the staff and student body is high and there is expectancy about the growth of the institution that is highly gratifying.

FRANK L. McVEY, President.

ENGINEERS WILL GIVE DINNER TOMORROW NIGHT

(CONTINUED FROM PAGE ONE)

dividual pictures of the graduating class.

An interesting program has been planned for the occasion by Prof. T. J. Barr, chairman of the committee in charge of arrangements. This includes talks by various members of the faculty, among these being President McVey, who will deliver the principal address, Professor Farquhar, and Dean F. Paul Anderson. The toastmaster for the evening will be P. K. Farra, senior engineer in the College of Civil Engineering. The response to the toasts and speeches will be made by Arthur Nutting, also a graduate engineer.

The party plans to leave Mechanical hall about 1:30 of the afternoon of May 22, going from there to Mundy's Landing, where they will have a swim and general outing, ending with the dinner at Beaumont Inn.

ARTHUR MORRIS WILL EDIT TIMES-TRIBUNE

(CONTINUED FROM PAGE ONE)

have charge of a job printing shop in connection with the paper and will perform all duties with the aid of only one high school girl and members of the mechanical department.

"Ottie" entered the university in the fall of 1922 and since that time has been prominent in the field of journalism on the campus. In 1924-25 he served on The Kernel staff in the capacity of assistant news editor and at the end of that year was elected managing editor for 1925-26. During the summer of 1925, he served on the staff of The Lexington Herald and was managing editor of the student staff from the department of journalism which published the regular student edition of The Herald on May 4 of this year.

Will Be Graduated May 31

Mr. Morris is a member of Alpha Tau Omega, national social fraternity; Alpha Delta Sigma, national honor society; Phi Kappa Phi, national honor society; Omicron Delta Kappa, junior and senior national honorary fraternity for campus leadership. He will receive his A. B. degree from the department of English of the university on May 31.

TWO STRUCTURES TO BE BUILT THIS SUMMER

(CONTINUED FROM PAGE ONE)

Hall will be used by the College of Commerce as soon as the new music building is completed. The College of Commerce was organized a year ago, and since that time it has had an amazing growth, and new quarters

are greatly needed. Due to the lack of funds the new buildings will be temporary frame structures.

MANY VIEWS ARE GIVEN ON YEAR'S ACTIVITIES

(CONTINUED FROM PAGE ONE)

dar so I could see for myself. Phi Delta Phi and Phi Alpha Delta pledged twice this year. It seems they are both law fraternities. They had to have two so all the people taking law would be sure and belong to one of them.

Other Wonders Accomplished

In all other branches the university has accomplished wonders. Our athletic season has been a grand success. We almost won the football championship, and we got right into the semifinals of the basketball tournament. The baseball team has won several games, and we hope to win a track meet before the season is over. The billiard team has had a little trouble getting organized, but we hope to see their names in Hoover's column this week.

We stepped right up into the realms of high finance when we got an appropriation bill before the Legislature. Of course it didn't pass, but just think of it—they actually considered giving us five million dollars! Socially, it is estimated that if all the high school track, basketball, debate, oratory, and musical terms were entertained were put end to end there wouldn't be a nickel's worth of higher education left in Kentucky.

SMITH REPORTS DERBY FOR KERNEL READERS

(CONTINUED FROM PAGE ONE)

the editorial pipe, so we went home. The next mornin', we went out to Churchill Downs to see the Derby. There was traffic cops clutterin' up all the corners, and from the settin'-up exercises they done every time two cars showed up at the same time, you couldn't tell whether they was leadin' cheers or knew everybody well enough to wneve at 'em.

Between the gate at the Downs and the front door, we was offered bargains on anything from peanuts to an option on the track. It was pretty near time to surround some factions, so we went over to P. Tompkins' to see if we could catch some hamburgers. Tony tries to get out of it a fact, and recites the menu to us, but admitted that he didn't have no hamburgers.

"What, no hamburgers!" yells McDowell, and we rushed off to ask Derby how come no hamburgers!

We eased over to the track and looked the rest of the rabble over. The populace was jammed into the bleachers like sardines without any room for olive oil. There was a grandstand over at one end of the track that had the general appearance of a stranded steamboat.

The Louisville Mounties come paradin' down the infield after while. Everybody was speculatin' as to which one would fall off his horse first, and there wasn't any of 'em that looked very comfortable. I figured that it was a bunch of speed cops that they had stuck on horses for the day.

The big race started late in the afternoon, and I had some trouble keepin' my mouth open the proper width at the amazin' spectacle, as visitors is expected to do. I never seen less argument about first place. Bubblin' Over floated around out in front, like he was runnin' for a sack of oats instead of a reputation, and the cowboy on him didn't have much to worry about till it was time to stop him.

We bet on a horse that Ted said would pay a hatful if he came in, and I guess he would. We was in Louisville till Sunday when we got tired waitin' for him, and come on home.

each year gives a scholarship of \$250 to some outstanding student, a member of the society. This scholarship was made possible by the will of President Patterson. This year the scholarship was awarded to Woodson D. Scott. G. S. Milam was the winner of the medal in oratory which is awarded annually to the best orator.

STROLLERS SCORE HIT WITH "ICE BOUND"

(CONTINUED FROM PAGE ONE)

role of leading woman in a most commendable manner.

Addison Yeaman as Ben Jordan, the "black sheep" of the Jordan family who is finally reformed by the sweetness and love of Jane Crosby, presented the leading male part in a praise-worthy manner. Mr. Yeaman, who is a freshman in the Arts and Sciences college, took over the role when the original leading man was unable to appear, and won new laurels for himself as one possessing great histrionic potentialities.

Ten other students appeared in the cast, and each presented his part in a manner that gave evidence of able direction, thorough training, and natural ability. Besides Miss Lair and Mr. Yeaman, those who took part in

the play and their roles are as follows:

Ella Jordan—Mabel Sadler.
Sadie Jordan—Virginia Robinson.
Emma Jordan—Lily Jarrish.
Nettie Jordan—Henrietta Blackburn.
Orin Jordan—Alice LeMere.
Henry Jordan—Harry McChesney.
Judge Bradford—Bob Thompson.
Dr. Curtis—Tom Walters.
Sheriff Jim Jay—John Castle Warren.

R. O. T. C. UNITS TO HAVE FIELD DAY

(CONTINUED FROM PAGE ONE)

and (8) the Kentucky Chapter, Reserve Officers Association field glasses for the highest combined standing in the military department and other departments of the university in the senior class.

COMMENCEMENT TO BE HELD MONDAY, MAY 31

(CONTINUED FROM PAGE ONE)

Wednesday, May 26, from 2 to 4 p.m. At this time, the presentation of commissions to the graduates of the advanced course by Brigadier General Dwight Edward Aultman, an address by Lieutenant Governor Henry Herman Denhardt, to students selected for the advanced course, and the awarding of prizes and medals, will take place. A banquet and dance will be given to the graduates of the advanced course by the Lexington Chapter of the Reserve Officers' Association of Central Kentucky, at the Lafayette hotel, at 6 p.m.

On this day, also, will be the trip of the alumni to Dix River Dam, at 2:00 p.m. The annual alumni banquet will be held at Shakertown Inn, at 6 p.m.

Saturday, May 29, will also be the annual Class Day of the University. The exercises will take place on the campus at 10 a. m. and will be followed by the Senior Pilgrimage. President and Mrs. McVey will entertain the senior class with the annual senior breakfast at Maxwell Place at 8:30 a. m. This is also the date for the annual Alumni Day, at which time the visiting alumni will hold a reunion in the rooms of the art department, on Euclid street, from 9 to 10 p. m.

The plans for the remainder of the day's observance will be announced then.

The Baccalaureate Sermon of the university will be held at the university gymnasium at 3:30 p. m., Sunday, May 30, with President McVey presiding. The address to the graduating class is to be delivered by Doctor Davis Carlisle Hull, president of Wesleyan College.

The annual Senior Ball will be held at the Phoenix hotel Friday, May 28, at 9 p. m.
